Description	<p>Heart and circulatory disease claims around 200,000 lives each year. Many could have been saved if a defibrillator was made available.</p> <p>Automated External Defibrillators (AED's) are now becoming more common throughout a range of public work places. A casualty's survival rate will dramatically increase if an AED is available and you have appropriately qualified personnel to use it.</p> <p>This very practical 1-day course will allow suitably qualified First Aid personnel to use the AED competently and with confidence. Not only does this course deal with the use of the AED, but also includes some vital training in resuscitation and choking procedures.</p>
Who should attend?	Students must be a minimum of 16 years of age.
Syllabus	A range of subjects are covered including responsibilities & reporting, assessment of the situation, dealing with an unresponsive casualty, AED functions, resuscitation, heart attacks, infection control, defibrillation procedures, choking, AED safety, paediatric defibrillation.
Assessment & Certification	<p>Practical and oral assessment is carried out by the instructor throughout the course, along with a multiple-choice question paper at the end of the course.</p> <p>The qualification lasts three years. To renew the qualification after this period students need to retake the full course.</p>
Refresher Training Recommended	Annual refresher courses are strongly recommended.
Prices & Booking	<p>Public courses: £60 per person</p> <p>Onsite training: £560 for up to 12 delegates</p> <p>All prices include certification costs & course material</p>
